Five years later, senz° has become a global hit and has won all major design awards in the world. We've grown to a team of 21 people, and everybody is happily working our tails off to realize our skyhigh ambitions. That's why we're looking for the perfect SPD student to join our Idea Factory (marketing and R&D department) to help us build a global brand!

- You're motivated to work independently;
- You possess good communication skills in Dutch and English;
- You're an SPD master student and experienced in using Photoshop, Illustrator and preferably Pinnacle and InDesign;
- You're available for a full time internship of at least 4 months starting February 2012.

#### **What will senz° offer you?**

- you assist on interesting marketing projects and gain valuable hands-on experience;
- As we're with 21 people, you'll get a good view of how different departments of a company work together;
- A great atmosphere as part of the senz° family in our monumental office building in Delft;
- A monthly internship fee of €400.
